Corrections and newly quantified values:

1. Resolution: Until 08 August 2026 this overview stated "Full HD (no exact pixel values given on the product page)" (source: product page, inferred from the "Full HD" marketing term). The manufacturer datasheet (Getac, as at 21 April 2026) states WUXGA at 1920 x 1200 pixels - a taller, non-identical aspect ratio to Full HD (1920 x 1080); corrected accordingly.
2. **Major processor correction:** Until 08 August 2026 this overview stated "Intel® Core™ Ultra 5 or Ultra 7 (selectable), integrated NPU (Intel® AI Boost)" (source: product page). The manufacturer datasheet instead states Intel® Core™ i5-1235U (12th generation) as the standard processor, with i5-1245U vPro®, i7-1255U and i7-1265U vPro® as platform options - no "Ultra" processor series, no NPU mentioned in the datasheet. The previous value was incorrect and has been fully replaced.
3. Memory, battery, weight and operating temperature: Previously "-" (not quantified in either prior source). All four values are now quantified from the manufacturer datasheet for the first time.

Features and options

Excerpt from the manufacturer description and the manufacturer datasheet. No configurator available, no prices.

- **Explosion protection:** Certified to ATEX/IECEX Zone 2/22 – "Ex II 3G Ex ic op is IIC T4 Gc" and "Ex II 3D Ex ic op is IIIC T130°C Dc" (quoted verbatim from the manufacturer datasheet, "Explosion Protection" section)
- Display: LumiBond® technology, capacitive dual mode touchscreen (multi-touch and digitizer)
- Connectivity: Intel® Wi-Fi 6E AX211 · Bluetooth 5.3 · optional 5G Sub-6 or 4G LTE mobile broadband with integrated GPS · Dual SIM (Micro-SIM 3FF and e-SIM)
- Ruggedness: drop-resistant to 1.8 m, vibration-resistant
- Security: TPM 2.0, optional Intel® vPro®, optional HF RFID reader, optional Windows Hello facial recognition
- 3-year Bumper-to-Bumper warranty per the manufacturer datasheet (Getac's commitment, not a Robustbook service)
